OBJECTIVE

Experienced Project Manager, Logistics Engineer, and Quality Inspector seeking opportunities to leverage leadership, technical expertise, and data analysis skills in a dynamic organization.

EDUCATION & CERTIFICATIONS

- **Master of Science in Engineering & Technology Management** – Washington State University (GPA: 3.8)
- **Master of Science in Leadership & Executive Management in Criminal Justice** – Kaplan University (GPA: 4.0)
- **Bachelor of Arts in Criminal Justice** – Saint Leo University (GPA: 3.7)
- **Graduate Certificate in Project Management** – Washington State University
- **Lean Six Sigma Black Belt Certification** – Villanova University
- **Executive Certificate in Business Administration** – University of Notre Dame

PROFESSIONAL EXPERIENCE

Material Inspector, Communications

Department of the Navy, Virginia Beach, VA | Sept 2023 – Present

- Conducts inspections and evaluates testing/operation of systems to ensure compliance and optimal functionality.
- Identifies and documents deficiencies, performs root cause analysis, and provides recommendations for corrective actions.
- Specializes in **UHF/VHF radio systems**, including Motorola handhelds and bridge-to-bridge communication.
- Prepares inspection reports for senior military leadership and congressional review.

Logistics Engineer, Associate Manager

L3 Technologies, Norfolk, VA | July 2017 – Sept 2023

- Authored and maintained **technical documentation, training manuals, and logistics support summaries**.
- Managed **configuration status accounting (CSA) and integrated product data management (iPDM)** databases, tracking system configurations, support documents, and maintenance records.

- Conducted **obsolescence analysis and configuration management**, leading working groups to assess system upgrades and replacement strategies.
- Developed **key performance metrics (KPI) reports** for management meetings, ensuring proactive issue resolution.

Lead Electronics Technician

Assault Craft Unit Four, US Navy, Virginia Beach, VA | Aug 2015 – June 2017

- Supervised a **24-member electronics maintenance team** responsible for 3,500+ components across **35 LCACs (Landing Craft Air Cushion)**.
- Managed maintenance projects, achieving a **50% reduction in corrective maintenance actions** and a **30% improvement in readiness**.
- Led failure analysis for combat system circuit cards, saving the Navy **\$300,000+** by identifying high-failure components for targeted troubleshooting and repair.

Electronics Material Officer | Project Manager | Data Analyst

Commander Carrier Strike Group Eleven, US Navy, Everett, WA | Sept 2013 – July 2015

- Oversaw **reliability, maintainability, and availability analysis** for all combat and weapon systems across **11 ships**.
- Managed **over 10,000 maintenance actions** during deployment across multiple fleets, ensuring operational readiness.
- Developed **performance dashboards for senior leadership**, tracking **3,100+ casualty reports** and identifying maintenance trends through **regression analysis**.
- Led **Preventive Maintenance System (PMS) inspections**, uncovering and correcting **210 deficiencies** on USS Princeton post-shipyard.
- Supervised the relocation of the **Carrier Strike Group's staff headquarters**, managing **900+ man-hours** and installing **\$31K in IT/telecom infrastructure**.

Field Service Engineer

Mid-Atlantic Regional Maintenance Center, US Navy, Norfolk, VA | March 2013 – Aug 2013

- Provided **technical support, training, and assessments** for communication systems, including **SHF satellite communication** and **HP-UNIX-based secure messaging systems**.
- Conducted **16 ship readiness assessments (TSRA)** and supported **INSURV inspections**.

Group Supervisor | Combat Systems Officer of the Watch

USS Enterprise, US Navy, Norfolk, VA | March 2012 – March 2013

- Led a **9-person team** maintaining **Motorola radios and circuit repair** systems, saving the Navy **\$950,000+** in fiscal year 2012.
- Monitored and coordinated real-time status updates for all combat and weapons systems during **Persian Gulf deployment**.

/

Master Training Specialist | Electronics Instructor

Center for Surface Combat Systems, US Navy, Great Lakes, IL | March 2009 – Feb 2012

- Designed and delivered **electronics and combat systems training** for active duty and reserve personnel.
- Developed curriculum, instructional materials, and performance evaluations for **10-15 students per week**.

Senior Electronics Technician | Electronics Instructor

Various Commands, US Navy | 1997 – 2009

- Provided electronics training, maintenance, and technical support for **USS Wasp, USS Donald Cook, and other commands**.

SECURITY CLEARANCE

- **TS/SCI Clearance** (Active, Last Updated: October 2023)
